1. Days360 Function
2. Today function
3. Now Function
4. Hour and Minute Function
5. Date Function
6. Nested of logical and Date/Time

IV. Math Function

1. MOD Function
2. SQRT Function
3. INT Function
4. Round down Function
5. Products Function
6. Power Function
7. Nested of IF with SUMIF
8. Nested of IF with SUMIF (Ex3)
9. ISBLANK

10. Type Function
11. IF, Hour, Minute Function

V. Lookup and Vlookup Function

1. Lookup Function
2. VLOOKUP Function
3. Transpose Function
4. Extract Function
5. Len Function
6. Left Function
7. Right Function
8. MID Function
9. Upper Function
10. Lower Function
11. Concalenate
12. ISBLANK Function
13. Count If Function
14. Count A Function
15. Count Blank Function
16. Sumif Function

VI. Pivot Table

1. Pivot Table Filter
2. Count Data
3. Create table
4. Fill in missing Data
5. Show total as percentage
6. Group Data
7. Insert Slicer

VII. Advance Protect Sheet

VIII. Additional Setting Format

1. Conditional Format
2. Freeze
3. Print Area
4. Print Titles
5. Basic Macro
6. Chart
